

AFTRA 2009 VOTING GUIDE

AFTRA Voters, here is a list of candidates who are running for AFTRA office.

If elected, we will fight for...

*Complete Transparency Regarding Contracts – AFTRA Members should be allowed to view the contract of any AFTRA show, at any time. Especially BEFORE we audition and/or accept a role on an AFTRA show.

*More working Actors in AFTRA Governance – Many of the AFTRA officers in Los Angeles hardly ever work AFTRA contracts. The vast majority of the candidates listed below work AFTRA jobs on a regular basis, most are vested in the AFTRA pension plan.

*No Undercutting – We would like AFTRA and SAG to cooperate and work together to improve rates and working conditions, not to have one Union “go in early” and undercut the other Union. We encourage honest conversations about AFTRA/SAG relations.

*Our goal is to help AFTRA do a better job representing Actors. Competition between Acting Unions only hurts Actors. We need to work together to raise wages and working conditions – not to compete in a race to the bottom – that only benefits our Employers.
